

Community Care Portal Release Notes

22 April 2026

Downtime Required: Yes

Profile Image Update

The existing gendered profile image has been updated to a neutral image to support a more inclusive presentation.

Referrer Access Changes

Referrers are granted access within the portal to add comments and upload supporting documents as part of the collaboration process.

Work Order Completion Validation

Work orders can no longer be marked as complete unless at least one associated work item has been added, ensuring completeness and data integrity.
